This assignment is due by 11:59 PM on October 24, 2018. You can stop working on it and finish it later, but you have to use the same device (laptop) and browser. After submitting the assignment, you should receive a confirmation email. If you did not receive it, you may have not submitted the assignment.

This assignment includes 13 questions, and 10 of them (Q2-Q11) will be graded. Each question, if answered correctly, will get one point. The total number of points will be 10, and they will be included in the overall grade for the course.

The Handout (posted on the LibGuide page) would be very helpful in answering your questions. You can also access all resources from that page.

http://lib.guides.umd.edu/chemistryresources/HONR278K

There are many instructional materials, including videos, on how to use the resources:
